- Persistent cookies are stored on your device in between browser sessions, allowing us to remember your preferences or actions across multiple sites.
- First-party cookies are set by the site you are visiting.
- Third-party cookies are set by a third-party site separate from the site you are visiting.

- Cookies can be disabled or removed by tools that are available in most commercial browsers. The preferences for each browser you use will need to be set separately and different browsers offer different functionality and options.

We do not use these technologies for storing information to target advertising to you on or off our sites.

We may use the terms “cookies” or “similar technologies” interchangeably in our policies to refer to all technologies that we may use to store data in your browser or device or that collect information or help us identify you in the manner described above.
